The Plan provides objectives and scope for the development of annual management or operational plans by the U3A Sunshine Coast Management Committee.

Part 1 – Executive Introduction

It is with great pride and satisfaction we present this Strategic Plan. It is the result of input by many members, active involvement by the Management Committee and a hardworking, diligent and objective Steering Group. We thank members for their input and to the Steering Group volunteer members for their efforts.

The Steering Group members included; Jan Allan, Jenny Hughes, John D. Cooper, Graeme Heap, John Saint-Smith, seconded member Jim Hales and us.

We developed the strategic plan in a systematic way and answered the most critical questions confronting our U3A.

The Plan creates a common framework for decision making, providing continuity for successive Management Committees and offers carefully considered responses to the challenges and opportunities our wonderful organisation faces.

We commend the Plan to our membership and warmly welcome feedback and comment.
