

Notification of U3A Sunshine Coast Management Committee

Dear members

On 1 April notification was posted on the web advising of the postponement of our AGM, until once again it is allowable and safe to meet as group and hold a general meeting and celebration.

We called for nominations for the Management committee advising that we would conduct an election of members for the Management Committee, electronically if required.

Closing date for nominations was 28 April and I am now pleased to inform you of the outcome: the members who will serve on the management committee until the 2021 AGM (to be held in April, 2021).

Nine members nominated for committee positions, four for the Executive and five for general committee. As there was not more than one person nominated per position it was not necessary to hold an electronic ballot.

I am pleased to present to you your committee for 2020:
